## **Westside Salmon Announcement 6**

**Emergency Order: None**

This is the Alaska Department of Fish and Game in Dillingham with an update regarding commercial fishing in the Togiak District. This is Westside Salmon Announcement number 6 issued Friday, June 19 at 12:00 noon.

Commercial fishing opens in all sections of the Togiak District as per the regular weekly schedule at 9:00 a.m. Monday, June 22. All sections will remain open for the regular weekly schedules. The department will reevaluate the amount of effort in the Togiak District next week and determine if reduced fishing time is required for king conservation. Currently, mesh size in the Togiak District is restricted by regulation (5AAC 06.369d) to 5.5 inches or smaller until 9:00 a.m. July 15 for king conservation.

Commercial fishermen are reminded that **District Registration Cards** must be filled out and filed with the department before they begin drift gillnet fishing anywhere in Bristol Bay or set gillnet fishing in the Nushagak District.

The regulations passed by the Board of Fisheries in January will not be in effect until July 12. Until that time, we still need to follow the regular weekly schedule in Kulukak.
