Lower Cook Inlet Salmon Fishery Advisory Announcement #5

EASTERN DISTRICT: Effective at 12 noon on Saturday, June 20 hatchery cost recovery fishing in the saltwater of Resurrection Bay is CLOSED. Effective at 6:00 AM on Tuesday, June 23 commercial common property salmon fishing is open in the waters of the Resurrection Bay North Subdistrict on a Monday through Friday schedule of daily sixteen-hour fishing periods beginning at 6:00 AM on those days. Commercial salmon fishing for salmon is prohibited at all times within 500 yards of the fresh water of a salmon stream and over the beds or channels of streams and rivers at all stages of the tide. Fresh water is considered separated from salt water, at the mouth of streams and rivers, by a line drawn between the seaward extremities of the exposed tideland banks at the present stage of the tide, (5AAC 39.975(a)(26)).

The next scheduled commercial salmon fisheries announcement is anticipated to be on Friday, June 26.

Announcement recordings are available on the 24-hour telephone recording in the Homer office at 907/235-7307.

Current Cook Inlet Commercial Fishing regulation books are available at ADF&G offices, and online here:
